Allyson Jones-Cook

the Links OF NORTH DAKOTA

The Links' breathtaking setting and immaculately manicured course, provide an ideal and unforgettable experience. One of the purest examples of links style golf ever built in the United States. Play the game as it was intended to be played.

This natural, rolling true links design harkens back to the birth of the game - golf as it should be played- in a truly magnificent setting along the bluffs and banks overlooking sprawling Lake Sakakawea.

In true links fashion, uneven lies and wind will challenge every aspect of your game. Architect Stephen Kay moved a minimal amount of soil to create one of the purest links courses on this side of the Atlantic.

The Links of North Dakota is not only for the highly skilled golfer, 5 sets of tees ranging from 5,249 to 7,092 yards will accommodate players of all ability levels.

Heart River Golf Course is an 18-hole, par 72 layout that is nestled along the scenic Heart River, with numerous panoramic views of Patterson Lake. This highly regarded course combines a rolling top nine with a wooded bottom nine that brings plenty of trees and water into play. These beautiful surroundings provide golfers with just the right blend of atmosphere and relaxation. Multiple tee boxes on every hole offer a unique, yet enjoyable, challenge to each and every golfer. Heart River Golf Course prides itself in providing a quality golfing experience for everyone. We will also try to accommodate your special golf outing or tournament requests, whether you have 100 golfers or a group of 5. Heart River Golf Course is also home to several premier golf tournaments, including the gem of them all, the Labor Day Classic.
